

## **BYC Club Membership**

In a nutshell, the guidelines for the **BYC Club Membership**, our most affordable unlimited package option, are as follows:

- **Unlimited Bikram Yoga for \$99 per month** on-going
- Membership payment is by **Direct Debit Only** from either a bank account or credit card – *an additional fee of 2.2% applies to the credit card option (Visa / Mastercard) and will be deducted as part of your regular monthly payment*
- **No Contract Period** is associated with BYC Club Membership
- One month notification is required to cancel membership. Any monthly payments due during this notification period will be deducted as normal
- Club membership is open to all **existing BYC unlimited and class pass holders**, including those on the beginner introductory or beginner unlimited monthly pass
- A once only administration fee of \$20 applies for new club members – *this fee is **waived** for new members who join prior to the expiration of their current pass*

In other words.....no excuses!

Simply, all you have to do is complete the **PDF Direct Debit Form** attached and either email or return it to the studio before your pass expires and we will match the start date with the expiration of your current pass for a seamless transition to club membership.

Join now and your membership will commence as soon as your existing pass expires – with no administration fee.

Oh....by the way, you will also receive one of our new BYC Club Membership barcode key rings to make sign in at the desk even easier.
